

Math Facts for the SHSAT

Contents		
#		Page
27	Operations with Fractions	55
28	Ratios and Proportions	61
29	Fraction-Decimal-Percent Equivalents (<i>“Partners” & “Patterns”</i>)	65
30	Operations with Signed Numbers	69
31	Order of Operations (S,PEMDA)	71
32	Scientific Notation	73
33	Properties of Exponents	81
34	Properties of Radicals	83
35	Metric Prefixes	85
36	Conversions between Metric Units of Measure	86
37	International System of Units	87
38	Table of English Measures (<i>with English-Metric conversion factors</i>)	89
39	Euclidean Geometry	93
40	Trigonometric Ratios	125
41	Trigonometric Values for Special Angles	127
42	Law of Sines and Law of Cosines	128
43	Cartesian Geometry	129
44	Functions	141
45	Formulae	157
46	Solving Word Problems Step-by-Step	171
47	Translating Verbal Phrases into Arithmetical Language	172
48	Mathematical Symbols	173
49	Greek Alphabet and Numerical Prefixes	175
50	Place Value Worksheet	177
51	Cartesian Plane	179
52	Glossary of Mathematical Terms	181
